HAPPY HOLIDAYS 2022

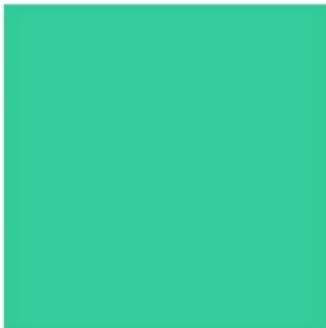

All my pets are awesome because no matter what happens at work or life, they still love me and welcome me and want to be around me, no matter what mood I am in.

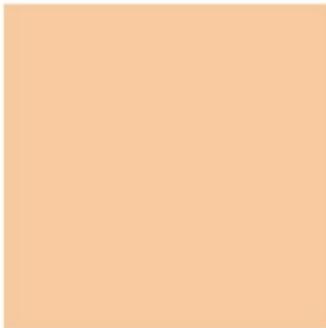

- James

Gibson used to be known as the “devil dog” and now that he’s older he’s just a big mush. He’s motivated by food and attention, in that order, and the only thing that ever makes him bark is UPS delivery. He likes our morning walks so much that he positions himself right in my way until I tell I mention “walk” and then he races to the door.

- Larry

This is my awesome little pup Patsy. She is a 12 year old Lhasa Apso and she is named after the late, great Patsy Cline. I think she is awesome because we've been best pals for 12 years and she still puts up with me.

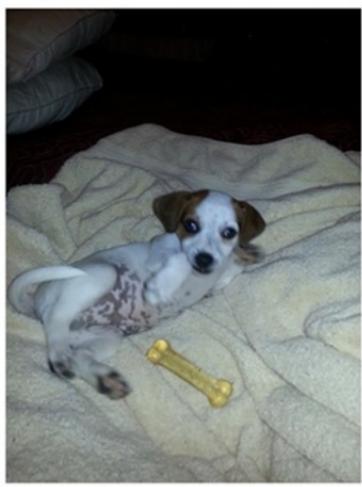

- Kenny Mac

Champ was the sweetest and most protective dog. He loved to snuggle and play with my socks.

- Jaime H

Why is our cat the best pet ever?

Pheoli (FEE-OH-LI) was found in our car engine as a very little kitten and needed immediate attention to survive. One year later, she is now the life of the party and has grown into a fun, social cat who is also very competitive when it comes to Monopoly.

- Laura Cunningham

I hate to think of Baby Yoda as a pet. He's an icon and a baby. He stays in the place that I put him, he only moves when I move him, he consumes nothing and makes no messes. He's cute and cuddly and already paid for.

Baby Yoda Reclinin

Baby Yoda Chillaxin

Baby Yoda Movin

As much as I love animals, I don't have one of my own. Between the desire to be able to travel easily and having close friends who are allergic to them, it just isn't in the cards right now.

- Drew Claybrook

Manto is a cuddler, Soufflé supervises me while I work, and Cappy has an endless energy for fetch! Never a dull moment in the house with these 3 little things.

- Julie

Kringle is a joyful pup who likes to dress up and spread holiday cheer.

- Fran

Jessy is my first pet she is such an angel, lovable, affectionate and an obedient puppy. She loves playing tug of war and attack game with me. I miss her drools and cuddles, gone too soon but always close to my heart and dearest one to all my friends and family members. I was always happy and content with her , wish I could have her for more days in my journey.

- Likhitha

*Callie*

Teeter loves milk, but doesn't realize he's lactose intolerant.
