

Learning Services Academy

We are pleased to announce the release of the new NetApp Certified Technology Solution Professional

WHAT'S NEW?

- This certification validates a candidate's knowledge, skills, and ability to solve business problems by leveraging the NetApp portfolio.
- The NCTSP replaces the NCTA in the following FY'24 Services Certified tracks:
 - ISC (Integration Services Certified)
 - EF-Series / FlexPod / ONTAP / ONTAP SAN / StorageGRID
 - OSC (Optimization Services Certified)
 - ONTAP Data Protection / NetApp MetroCluster

NCTSP FREQUENTLY ASKED QUESTIONS

Q. What happened to the NCTA?

A. The NCTA will retire at the end of 2023.

Q. Can I convert my NCTA into the NCTSP?

A. The NCTA and the NCTSP are separate certifications, so it is not possible to convert one into the other.

Q. As a Services Certified partner, when do I need to complete this requirement?

A. A full verification check is not performed until the end of Q4, so existing partners have through the end of the fiscal year to meet the new requirements.

Q. Are vouchers available for the NCTSP?

A. Yes! Please continue to request Services Certified vouchers through the usual process.

Q. Where can I find more info about the NCTSP?

A. Please visit the [NetApp Certification Hub](#) for an exam overview, learning topics covered and recommend preparatory enablement.

Q. Where can I find more information about the Services Certified tracks?

A. Please visit [Partner Hub](#) to find information on the FY'24 Services Certified Partner Programs as well as presentations and infographics.

Q. When and where can I schedule my exam?

A. The NCTSP is released and available to schedule via [Pearson VUE](#).

Q. How do I claim my digital credential?

A. Please visit [Credly](#) to sign up or claim your digital credential and advertise your new achievement.

Q. Can I take the NCTSP at NetApp INSIGHT 2023 in Las Vegas?

A. Yes! Partners and customers can take certification exams for **FREE** at INSIGHT, [register now](#) so you don't miss out.
